74/0 wide x 48/0 deep
2,908 sq. ft.

"This is the original design of our highest grossing downhill Great Room plan. The Huge Great Room as you can see from the photograph is the focal point of the entire home, and it is something to see!! The kitchen is on the same giant scale making this the perfect home to entertain in. The lavish Master Suite is also on the upper floor... Downstairs are two secondary bedrooms with a large Rec. room as well."
